# EMBRACE CHAIR

E00S 2015

When Carl Hansen & Søn joined forces with E00S to reinterpret the classic dining chair, they created a design so expressive that it easily stands alone as a modern, sculptural addition to any interior.

Named after the feeling it evokes, the Embrace Chair unites E00S' strong sense of modern aesthetics with Carl Hansen & Søn's tradition of craftsmanship and outstanding comfort. The design combines a striking, continuous solid wood frame with a unique cushion that folds into three dimensions to compose the entire seat, creating a simultaneously precise and relaxed expression.

The soft upholstery has infused a new element into the Carl Hansen & Søn collection, while the refined, meticulously joined wooden frame reflects the furniture manufacturer's signature style and approach.

Although first conceived as an elegant dining chair, the versatile Embrace Chair also contributes a novel visual and sensory element to diverse private and public spaces, from home interiors to hotel lobbies and conference rooms.

## E00S

E00S is a renowned Austrian design trio established in 1995 by Gernot Bohmann, Martin Bergmann and Harald Gründl in Vienna. The trio consider design a poetic discipline whose end result should always be able to accommodate the user's changing needs and desires.

E00S approaches the often-complex design challenges by analyzing past roots and contemporary context. Termed 'Poetical Analysis', E00S' process focuses on myths, rituals and intuitive expressions, creating connections that go beyond immediate impressions.

E00S has worked with a wide range of the world's best-known brands, among them Alessi, Bulthaup, and Adidas. They have published several books about their design approach, and earned over 130 international awards for their work.
