## Chameleon Desks and Workstations

Chameleon is a curated collection of desking, simple storage, and screen solutions that are easy to configure and personalize from a hand-selected palette of wood, felt, and acoustic materials. Chameleon is suited to outfit an entire workplace, from making impressions in executive suites to modernizing mobile work terminals.

The system is configured with desks and storage to connect tasking and teaming. Table desks with solid wood legs are available in a range of fixed heights that gang together or overlaid on credenzas of varying elevations. Stackable units and lean lines create levels of elevation while subtly defining personal space.

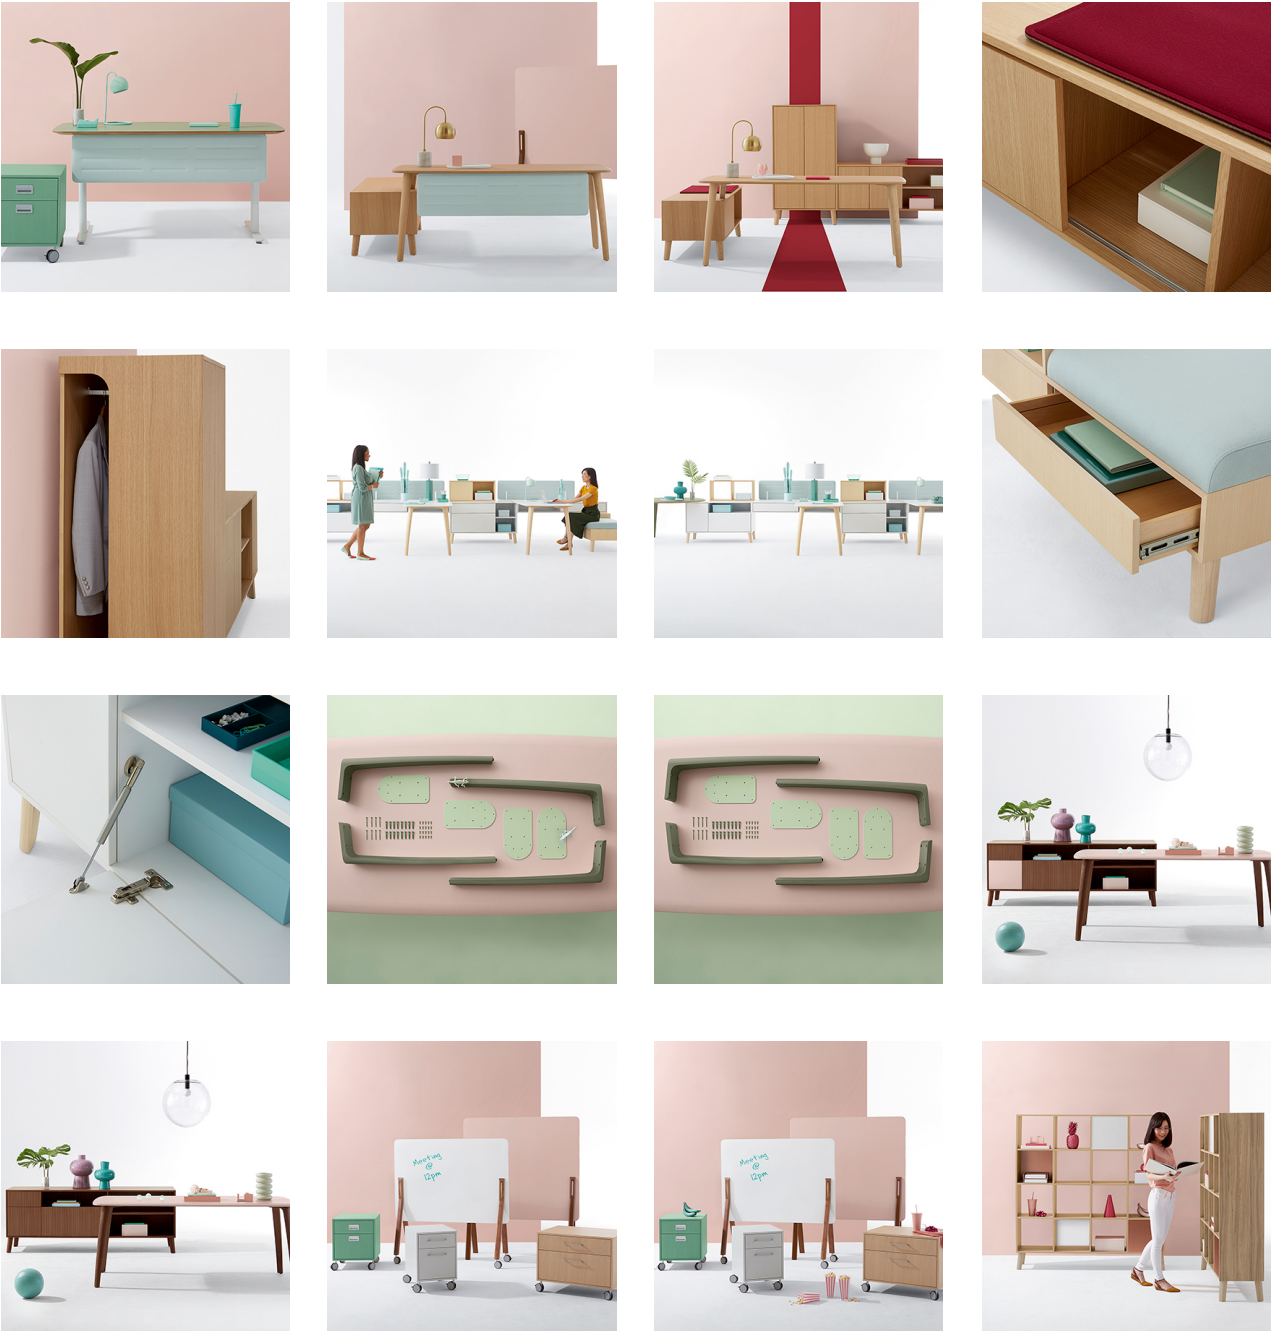

### FEATURES & BENEFITS

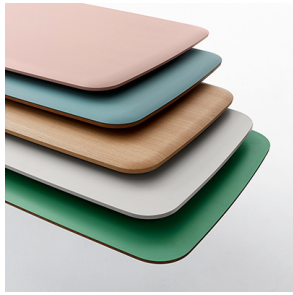

- Height adjustable desk available
- Soft close drawer suspensions
- Choice of 23 finish/ 15 laminate /11 Forbo options
- EPP/SCS/CARB-II rated core material composed of 100% recycled and recovered wood fibers
- ENVI-CT (Environmental coatings technology) finish
- Quality detailing at affordable price
- Made in USA

ENVIRONMENTAL

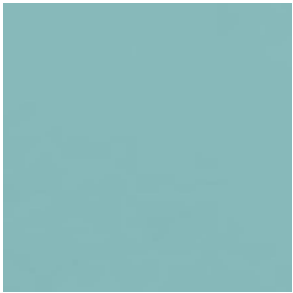

- Environmental Coatings Technology compliant with ANSI/BIFMA X7.1 - Low VOC Emissions
- Eligible for LEED Commercial Interiors Credit 4.5 credit under option C

## Product Specifications

### veneers

- DARRAN uses North American Hardwoods
- HPVA AA on tops and A grade on highly visible surfaces
- Standard veneers are quartered ash, oak and walnut veneers
- Choice of 23 finish/ 15 laminate /11 Forbo options
- Top veneers are slip-matched

**FAST FACT:** By using HPVA standards, DARRAN has a measurable specification to the veneer used. DARRAN slip-matches tops in order to eliminate the potential barber-pole effect created from the tight and loose side being up with book-matching. Slip-matching allows natural defects to be spread out versus bunched and highlighted with book-matched veneer.

## WORKSURFACES

- Veneer and High Pressure Laminate tops are 1" thick with soft rectangle shape.
- Tops feature a sealed and polished MDF edge standard, or 2mm Veneer edge, or 1mm PVC band to match HPL top, or 3mm PVC black or white band.
- Tops are finished in 5-sheen matte finish.
- Forbo Tops: Forbo is a durable, sustainable surface linoleum manufactured from natural bio-based raw materials that contributes to a healthy indoor environment inspired by nature. Solid color Forbo is available on table tops in a selection of hues.

## DRAWERS

- All drawers are constructed of four sides and a bottom, which are attached to a drawer front with screws for easy removal
- Drawer fronts are vertically matched in balanced sets
- Doors feature vertical veneer bookmatched horizontally in sets of 2, 4, and 6 doors
- Tower fronts are matched in vertical sets. Pencil trays are standard in all box drawers
- Drawers are constructed of 1/2" thick wood grained wrapped 5 sided miter-folded construction with 1/8" thick hardboard bottoms.
- Optional veneered plywood drawers feature banded top and bottom edges for smoothness
- Drawers are dowel joint constructed with a UV cured finish over maple veneers
- Lifetime free replacement warranty
- Drawers are full extension
- File Drawers accommodate letter/legal filing

## DRAWER SUSPENSIONS

- All casegoods utilize cold rolled steel zinc plated high-grade drawer suspensions that feature Push to Open technology.
- Box and File drawers are full extension, featuring steel ball bearings for a smoother quieter range of motion with soft close operation and are rated 100lbs.
- Lateral file drawers are a progressive action full extension suspension with the soft close operation and is rated at 150lbs.

## LOCKING

- Pedestal locking is OPTIONAL pedestals. Optional locks available on doors.
- If locks are specified, all units ship keyed alike.
- DARRAN will key alike offices upon request.
- Lock cores are removable for easy re-keying.

## CHASSIS CONSTRUCTION

- Ultimate chassis stability through mitred and dowel construction reinforced with durable connectors in mitre joint and glue.
- Cases are elevated on 3" solid hardwood legs available in Oak or Walnut.
- Most Casegoods ship fully assembled, unless otherwise noted in the price list.

## WIRE MANAGEMENT

- All chameleon cases are constructed with a concealed 4" wire channel and a fixed back panel.
- Power runs through concealed 4" wire channel, and exits the case at the bottom to a floor or wall power source.
- Grommets need to be field installed to run as require through the wire cavity.

## OTHER PRODUCT AND COMPANY FEATURES

- DARRAN features 100% Quality control checks in its manufacturing facilities
- DARRAN produces roughly 30% modified/customized products in its facilities (most in standard leadtime)
- Limited lifetime warranty
- BIFMA Certified
- MAS Indoor Air Quality Certified (Equivalent to GreenGuard)

## ENVI-CT FINISH

- High performance conversion varnish coating
- Satin sheen (40), semi-open pore surface offers non-glare and maximum durability
- Multi-Step color process enhances natural wood color and tones
- Finish is no-formaldehyde and is oven cured for superior hardness and minimal off-gassing
- Mar, abrasion and impact resistance
- Withstands exposure to harsh chemicals such as cleaning agents and nail polish remover
- Plasticizer Migration resistant
- Field repairable
- UV inhibitors help resist color changes due to exposure from light
- DARRAN finishes cases after there are fully built enabling finish consistency on all planes and surfaces
